Benefits

- ✓ Reduces hyperactivity of pilosebaceous follicles.
- ✓ Eradicates causative bacteria.
- ✓ Ensures blood detoxification and purification.
- ✓ Restores normal skin.
- ✓ Free radical scavenger.

Ayurveda has a well-defined concept of 'Rakhtashodhak'-herbs that rid the body of toxins causing pimples, acne, boils and other dermatological disorders. Acnovin Capsule is a blend of such herbs.

Indications

- Acne Vulgaris
- Pimples
- Black Heads

Dosage

1 capsule 3 times a day or as directed by physician. For better results. Acnovin Cream can be applied on face, 2-3 times a day.

Composition

Each capsule contains extract derived from :

Mahamajsthadi kwath	: 800 mg
Panchnimb churna	: 420 mg
Trifla churna	: 300 mg
Hemidesmus indicus (Sariva)	: 240 mg
Cassia angustifolia (Swarna patri)	: 160 mg
Acacia catechu (Khadirtwak)	: 120 mg
Curcuma longa (Haridra)	: 100 mg
& Powder of	
Gandhak rasayan	: 50 mg
Excipients	: q.s.

Presentation

Blister Pack of 3 X 10 Capsules.

Duration

To be used up to at least one month after acne has cleared.

Benefits

- ✓ Eradicates causative bacteria.
- ✓ Promotes collagen formation.
- ✓ Removes blemishes and scars.
- ✓ Brings glow to the skin.
- ✓ Safe and effective herbal option for skin care.

Kum Kumadi Tailam, an ancient remedy for skin care is known for improving fairness. Acnovin Cream combines the goodness of Kum Kumadi Tailam with Neem and Haridra.

Benefits

- ✓ Uterine antispasmodic and analgesic.
- ✓ Checks vaginal secretions.
- ✓ Controls excessive uterine bleeding.
- ✓ Regulates menstrual cycle.
- ✓ Uterine Tonic.
- ✓ Enhances chances of conception.

Highest concentration of Ashoka & Lodhra 1200mg each ensures prompt response in uterine disorders, especially in menorrhagia. Ashoka in Ayurveda is known as a 'Stambhak' having antihemorrhagic properties. Shatavari provides essential nutrients; Guduchi and Ashwagandha are analgesics besides immunostimulants. Meryton Capsule provides patient convenience and quick response in a host of menstrual disorders. Ashoka and Lodhra are also known to provide phyto-estrogens, making Meryton a drug of choice in non-specific female infertility cases.

Indications

- Dysfunctional Uterine Bleeding
- Non-specific Female Infertility
- Leucorrhoea
- Low back pain
- Post Partum Condition

Dosage

1 capsule 2 times a day or as directed by physician.

Mimosa pudica (Lajjalu)	: 100 mg
Rasayan Churna	: 150 mg
Shuddha Shilajit	: 25 mg

Presentation

Blister pack of 3 x 10 Capsules.

Benefits

- ✓ Dissolves the mucin binding stone particles.
- ✓ Flushes out gravel due to diuretic properties.
- ✓ Prevents recurrence of stones.
- ✓ Corrects impaired crystalloid – colloid balance.

High concentration of lithotryptic agents Pashanbhed. Gokshurak and Hajrool Yahoood Bhasma plus diuretics like Kulthi & Chandraprabha, makes Ural a drug of choice for Renal Calculi. Ural brakes down renal stones and flushes out gravel. Ural prevents recurrence of calculi by promoting stone inhibitors and checking stone precipitating agents. Helps flush out pus cells hence useful in UTI and burning micturition.

Indications

- Renal calculi
- Mild UTI
- Burning Micturition

Dosage

For Renal Calculi: 1 capsule 2 times a day or as directed by Physician. To prevent recurrence/post surgical: 1 capsule OD for 6 months.

Composition

Each capsule contains	
Extract derived from :	
Tribulus terrestris (Gokshurak)	: 500 mg
Colesus aromaticus (Pashanbhed)	: 500 mg
Boerhaavia diffusa (Punarnava)	: 450 mg
Crataeva murvala (Varunbark)	: 450 mg
Dolichos biflorus (Kalthi)	: 450 mg
Achyranthes aspera (Apamarg)	: 150 mg
& Powder of	
Hajrool yahoood Bhasma	: 80 mg
Chandraprabha	: 75 mg
Shuddha shilajit	: 50 mg
Kasish Bhasma	: 25 mg
Excipients	: q.s.

Presentation

Blister pack of 10x10 Capsules.

Benefits

- ✓ Lithotryptic action breaks down stone into gravel.
- ✓ Promotes diuresis.
- ✓ Helps control UTI.
- ✓ Treat burning micturition.
- ✓ Safe even during pregnancy.

Cough & Cold can strike anyone, anywhere. Though this looks very simple, yet it has to be cured, safely. The associated factors with cough & cold are Sneezing, Running nose & congestion as well. Though end number of modern medicaments is available to control cough & cold, yet they are not very safe, since majority of them have sedative effects.

Ayurveda has the answer to control cough & cold problems, in a much safer way. Time tested herbs like Yashtimadhu (Demulcent & Expectorant), Vasaka (Effective Bronchodilator) & Tulsi (Having Antiviral properties), in ZEAL Tablets, makes a power packed product in controlling cough & cold problems. Additionally, it is safe & hence can also be administered during Pregnancy & even to small children who can swallow tablets.

Indications

- Cough & Cold
- Sneezing
- Running Nose
- Congestion

Dosage

Children above 6 Years - 1 Tablet every 6 hours.
Adult- 1-2 Tablets every 6 hours.
