RESEARCH CENTRE

Vasu Healthcare Pvt. Ltd. (VHPL), with its rich culture and deeply-rooted legacy since 1980, was established with one precise aim - to serve the society by introducing quality Ayurvedic formulations, Personal Care products, Phyto-pharmaceuticals and Nutraceutical supplements that add value to everyone's life. The journey that we embarked 43 years ago with the help of a rich Ayurvedic knowledge base has led us to greater heights and milestones of Excellence. And we will continue to bring the miraculous by-products of this vast Ayurvedic sea of knowledge combined with cutting-edge technologies in medical science.

Based in Vadodara, Gujarat, our sheer dedication towards Research in Ayurveda to develop the best products for people, is now growing globally with a presence in over 50+ countries. Ayurveda has many hidden gems that serve humanity. We take extreme pride in extracting that knowledge to manufacture highly effective Ayurvedic medicines and Herbal cosmetic products. Over the years, we have researched & developed more than 250 products that help people to cure & improve their health.

National Award for Best Quality in Herbal Medicines from the Government of India by of then President Dr. A P J Abdul Kalam - 2003

Outstanding performance in Quality and Environment improvement measures by the current prime Minister, Mr. Narendra Modi - 2009
