

Established in 1980, Vasu Healthcare aims to personify the Power for Ayurveda. Vasu plays a pioneering role in Ayurvedic healthcare system by offering medications for the ailments, which have been posing a challenge for the current medical system. Vasu Healthcare is focused on patented formulations of Herbal / Ayurvedic origin. Our Mission at Vasu is to extend the horizon of health and wellness naturally by focusing on our extensive knowledge of herbal active ingredients & the search for excellence to serve the mankind.

The core strength of Vasu Healthcare is its strong knowledge base at Vasu Research Centre (VRC). At Vasu, R&D continuously strives to rejuvenate & expand the product portfolio and optimize its manufacturing processes. Regulatory authorities & Govt. of India have appreciated our commitment of offering Best Quality Herbal products. Vasu has won the National award for best Quality Herbal Medicine twice. Besides, several accreditations from G.O.I have been earned.

Today Vasu Healthcare is engaged in:

- Patented Ayurvedic / Herbal formulations of natural origin
- Active ingredient enriched, Standard extract based natural formations
- Natural, Safe & Effective Healthcare Products
